Report on Five Days FDP on

“Cloud Computing & Cloud Security: Architectures, Technologies and Best Practices”

Event Name: Faculty Development Program (FDP)

Organized by:

Department of Computer Science & Engineering

Department of CSE – AI & ML

Department of Cyber Security

About the FDP:

The Five-Day Faculty Development Program (FDP) on “*Cloud Computing & Cloud Security: Architectures, Technologies and Best Practices*” was organized by the Department of Computer Science & Engineering, Department of CSE (AI & ML), and Department of Cyber Security at ATME College of Engineering, Mysuru, from **16th February 2026 to 20th February 2026**.

The FDP aimed to provide in-depth knowledge of cloud computing fundamentals, service and deployment models, virtualization, containerization, cloud-native architectures, and comprehensive cloud security mechanisms. The program emphasized secure cloud design, identity and access management, encryption, compliance, DevSecOps practices, and privacy-preserving AI in distributed cloud environments.

Objectives of FDP:

- To provide a strong foundation in cloud computing architectures and service models.
- To familiarize participants with major cloud platforms and cloud-native technologies.
- To enhance understanding of cloud security threats, risks, compliance, and mitigation techniques.
- To provide hands-on exposure to cloud provisioning, IAM implementation, and secure configurations.
- To bridge the gap between academia and industry through expert sessions and case studies.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Outcome of FDP:

- Enhanced knowledge of cloud computing and deployment architectures.
- Practical understanding of virtualization, containers, and cloud-native systems.
- Hands-on experience in implementing IAM policies and secure cloud configurations.
- Exposure to encryption, key management, and secure communication protocols.
- Insight into emerging research areas such as Federated Learning and Privacy-Preserving AI.
- Strengthened interdisciplinary collaboration among CSE, AI & ML, and Cyber Security faculty.

Key Highlights of the FDP:

The FDP commenced on **16th February 2026** with an Inaugural Session followed by a keynote address by **Dr. Mustafa Basthikodi**, Professor & Head, Sahyadri College of Engineering & Management. The session emphasized the growing relevance of secure cloud adoption in academia and industry.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Day 1: 16th February 2026 (Monday)

- **Keynote & Introduction to Cloud Computing, Service Models & Deployment Architectures – Dr. Mustafa Basthikodi**
- **Getting Started with Cloud Platforms (Hands-On) – Dr. Shruthi PS**

Participants gained clarity on IaaS, PaaS, SaaS models and explored cloud platforms through practical exercises.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Day 2: 17th February 2026 (Tuesday)

- **Virtualization, Containers & Cloud-Native Architectures** – Dr. Sanjay H M
- **Introduction to AWS / Azure / GCP Services** – Dr. Sanjay H M
- **Hands-on: Cloud Resource Provisioning**

Participants explored containerization and practical cloud resource deployment.

Day 3: 18th February 2026 (Wednesday)

- **Cloud Security Threats, Risks and Compliance** – Dr. Ullas P
- **Hands-on: Implementing IAM and Secure Access Policies**

The sessions provided deep insights into identity management and secure access control implementation.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Day 4: 19th February 2026 (Thursday)

- **Data Security, Encryption & Key Management in Cloud** – Dr. Sateesh Kumar Ambesange
- **Network Security & Secure Cloud Communication**
- **Hands-on: Configuring Secure Storage and Networks**

Participants implemented secure storage and networking configurations.

Day 5: 20th February 2026 (Friday)

- **Privacy-Preserving AI with Federated Learning in Distributed Cloud and Edge Environments** – Mr. Naveen Kumar M R, Research Scholar, NITK Surathkal
- **Hands-on: Building Federated Learning Systems Using Flower Framework** – Mr. Naveen Kumar M R, Research Scholar, NITK Surathkal

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

- Valedictory Session

The FDP concluded with reflections, participant feedback, and certificate distribution.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Participants Details:

The Five-Day FDP witnessed enthusiastic participation from faculty members across various institutions.

- Total Participants: 54
- Participants included faculty from ATMECE, neighbouring institutions and from Bengaluru Colleges.
- The program fostered active interaction and collaborative discussions.

Convenors:

Dr. Puttegowda D
Professor and Head, CSE, ATMECE, Mysuru

Dr. Anil Kumar C J
Associate Professor and Head, CSE (AI & ML), ATMECE, Mysuru

Dr. Nasreen Fathima
Associate Professor and Head, Cyber Security, ATMECE, Mysuru

Co-Convenor:

Dr. Shilpa B L
Associate Professor, Dept. of CSE, ATMECE, Mysuru

Coordinators:

Mr. Theja N
Assistant Professor,
Dept. of CSE, ATMECE, Mysuru

Mrs. Vanitha G Naik
Assistant Professor,
Dept. of CSE(AIML), ATMECE, Mysuru

Mrs. Razika Amreen M I
Assistant Professor,
Dept. of Cyber Security, ATMECE, Mysuru
