

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING - CYBER SECURITY

Human Values Expo Report

The Department of Computer Science and Engineering – Cyber Security successfully organized the “Human Values Expo” on 27.05.2026 at AB201, ATMECE Campus, Mysuru. The event was conducted under the guidance of Dr. Nasreen Fathima, HoD of the Department of CS&E – Cyber Security, who served as the Event Convenor, and Prof. Yogesh N, who served as the Event Coordinator.

The primary objective of the expo was to create awareness among students about the importance of human values, ethics, social responsibility, empathy, integrity, and professional ethics in day-to-day life. The event provided a platform for students to express their ideas and understanding of human values through creative poster presentations and interactive discussions.

A total of around 17 teams, with 3 students in each team, actively participated in the expo. The students enthusiastically prepared and presented posters on various themes related to ethical living, environmental sustainability, humanity, respect, responsibility, harmony in society, and professional values. The presentations showcased the students’ creativity, communication abilities, teamwork, and holistic understanding of value-based education. The active involvement and sincere efforts of the students made the event highly engaging and meaningful.

The expo also encouraged collaborative learning and interactive participation among students. The participants explained their concepts confidently to visitors and faculty members, which helped them improve their public speaking, analytical thinking, and interpersonal communication skills. The event created a positive learning environment where students could exchange ideas and understand the significance of values in building a responsible and ethical society.

The Principal, Dr. Basavaraj L, along with Heads of Departments and Professors from various departments, visited the expo and appreciated the efforts taken by the students and organizers. They expressed their valuable feedback regarding the innovative

presentation of ideas, quality of posters, confidence of the presenters, and the relevance of the topics selected by the students. The dignitaries were pleased to witness the enthusiastic participation and involvement of students in promoting human values through creative learning activities.

The Event Convenor, Dr. Nasreen Fathima, and the Event Coordinator, Prof. Yogesh N, were actively involved throughout the event and encouraged the students during the presentations. They appreciated the sincere participation, coordination, and dedication shown by the students in organizing and presenting the expo successfully.

The feedback expressed by the students regarding the event was highly appreciable and positive. Students shared that the expo helped them understand the practical importance of human values in personal, social, and professional life. They also expressed that the event improved their confidence, presentation skills, teamwork, and awareness about ethical responsibilities. The overall response from the students and faculty members was very encouraging and motivating.

The event concluded successfully with positive feedback from all participants and visitors. The Human Values Expo served as an excellent platform for students to enhance their understanding of ethical and human values while developing creativity, communication skills, and social awareness.
